

## STATEMENT ON CORONAVIRUS/COVID-19

Paris, February 29<sup>th</sup>, 2020

Today with due regard to the coronavirus outbreak worldwide and the clear and precise caution from the French authorities, we are not able to maintain the MPLS + SDN + NFV World Congress and AI Net Conference at the originally planned dates.

Our priority is to ensure the safety of our customers, speakers, partners, suppliers and staff.

We have then decided, in front of this case of force majeure, to postpone the event from 30<sup>th</sup> June to 3<sup>rd</sup> July of this year at the same venue.

We deeply thank all our partners, sponsors, exhibitors, speakers, who, by looking ahead and organizing themselves right now to be there at the end of June in Paris, have strongly shown their confidence and support.

We also thank for their confidence all the attendees registered to date. We will contact them individually in the next few days regarding their registration.

We hope that despite issues this postponing may have caused, you understand and share our decision.

We will of course carry on monitoring the situation and will double our efforts in order for this 22<sup>nd</sup> Edition to happen in a serene and profitable atmosphere.

We will be available to answer any questions you may have.

Sincerely,  
The Upperside Conferences Team

### **Accommodation at the Hotel Marriott Paris Rive Gauche**

If you have booked accommodation at the Marriott Rive Gauche for these dates, your booking will automatically be cancelled without penalty. You do not have to do anything. All booking data will be erased.

A new link for booking accommodation for the new dates will be available online soon.
