

Virtual Edge Expanding: The 2016 SD-WAN and vCPE Report

Customer premises equipment (vCPE) and software-defined WAN (SD-WAN) technologies gain momentum.

Custom Edition for SD-WAN Summit 2017 - Upperside Conferences

contents

Table of Contents

Intro: Executive Summary and Key Findings 1

Virtual Edge Market Drivers -- Enterprise SD-WAN Requirements 2

User Benefits of Virtual Edge Technologies 6

Virtual Edge Taxonomy and Architecture 12

Conclusion: The Emerging Market for vCPE, SD-WAN, and VNFs 24

Featured SD-WAN & vCPE Products

Brocade Communication Systems: Brocade Vyatta Network OS 25

Ericsson: Ericsson Cloud VPN 26

FatPipe Networks: MPVPN 27

Huawei: Huawei AR1000V Virtual Router 28

InfoVista: Application Aware SD-WAN & Network Monitoring 29

Juniper Networks: Juniper Networks® Cloud CPE Solution & Cloud- Enabled Branch Solutions . . . 30

NEC/Netcracker: NEC/Netcracker NaaS 31

Nuage Networks: Virtualized Network Service (VNS) 32

Sonus Networks: SBC SWE 33

Teldat: Teldat SD-WAN 34

Tempered Networks: Identity-Defined Networking (IDN) Solution 35

Versa Networks: Versa FlexVNF 36

Viptela, Inc: Viptela Secure Extensible Network 37

SD-WAN

Advantech: FWA-3260 White box Appliance for vE-CPE 38

Anuta Networks, Inc.: Anuta Network NCX 38

Aryaka Networks: WAN Optimization as-a-Service 39

Bigleaf Networks: Cloud-first SD-WAN Service 39

Cisco Systems: Cisco Virtual Managed Services 40

Citrix Systems: Citrix NetScaler SD-WAN 40

CloudGenix: CloudGenix ION 41

Cradlepoint: Enterprise Cloud Manager with NetCloud 41

Fujitsu: Virtuora Network Controller 42

Glue Networks: Gluware Software Defined Network Orchestration Platform 42

Masergy: Managed SD-WAN 43

OpenDaylight Project: OpenDaylight Project 43

Qosmos: Qosmos Layer 7 Service Classifier 44

Riverbed Technologies: SteelConnect 44

Silver Peak Systems: Unity EdgeConnect 45

Talari: Talari Aware 45

VeloCloud Networks: Cloud-Delivered SD-WAN Service 46

Virtual CPE (vCPE)

6WIND: 6WIND Turbo Router 47

Accedian Networks Inc.: SkyLIGHT VCX Controller 47

contents

Adtran: Virtual Network Function (VNF) Solution Suite	48
ADVA Optical Networking: FSP 150 ProVM	48
Brain4Net: B4N vCPE	49
Ciena: Ciena 3906mvi Service Virtualization Switch	49
ECI: Mercury uCPE	50
Hewlett Packard Enterprise (HPE): HPE vCPE Solution	50
iPhotonix: iPhotonix GSX 100 Universal Access Software	51
Metaswitch Networks: Metaswitch Perimeta Session Border Controller	51
Nokia: Dynamic Enterprise Cloud CPE Solution	52
OneAccess Networks: Open Virtualization Platform	52
Open Networking Lab (ON.LAB): Central Office Re-architected as a Datacenter	53
RAD: ETX-2i vCPE Platform	53
Wind River: Titanium Server	54
Wipro Limited: vCPE	54

SECOND EDITION

SDWAN

SUMMIT 2017

Achieving the transition.

26/28 SEPTEMBER 2017 NOVOTEL CONVENTION PARIS CDG

SDWINE Show 2017

Wednesday 27 September 2017 from 18.30
Hotel Novotel Convention Paris Roissy CDG

What is better
than **networking**
around a **glass of**
wine?

Discover France's regions
greatest wines

Learn how to recognize
a wine without even
drinking it

Master the art of sabering
champagne

Wine, Champagne and
soft drinks

Bread, cheese, salad
and finger food

Reserve your seat
now !

Organized by
www.uppersideconferences.com

SDWAN
SUMMIT 2017

Access to the Wine Show is reserved to the SD-WAN Summit Participants (Delegates, Speakers, Exhibitors and Guests)
To confirm your participation to the Wine Show, please send a simple email to contact@uppersideconferences.com
